6 March 202

Boyce congratulates Mel Dean on her appointment as Associate Director

In recognition of her leadership, dedication and exceptional client work, Mel has been appointed as an Associate Director.

Mel completed a Bachelor of Business (Accounting and Business Management) at Charles Sturt University. In 2004 Mel joined Boyce Cooma and in 2007 transferred to our Wagga Wagga team. 2015 was a big year for Mel when she completed her post graduate studies becoming a qualified Chartered Accountant and was appointed a Manager of the firm. In this year Mel was also recognised as the Tony Quirk Employee of the Year. Mel continued to build strong relationships and in April 2018 she was promoted to the role of Senior Manager.

Boyce Managing Director Carmen Caldwell congratulated Mel on her appointment as Associate Director. "Mel continually displays the Boyce values, always focusing on client service, supporting the team and genuinely caring for all of those around her. In particular, Mel is a fantastic team manager and trainer for our new team members and has been instrumental in identifying new strategies and initiatives as part of our People Strategy".

Mel lives in Wagga with her husband Glen and their two children. She is also a Director of the Amie St Clair Melanoma Trust, which provides support to the community.

Please join us in congratulating Mel on her appointment.

Ends.
